## The year begins . . .

September led anticipating and sun-tanned faces to the waiting doors of Roosevelt, and the doors soon closed behind summer and ushered in a frenzy of "welcomes" and activities. As sunny days grew fewer in number, friendly smiles, words, and gestures replaced the warmth and lighted the halls and classrooms.

Juniors and seniors immediately adapted to their role by setting an example of traditional Roosevelt spirit and victory for the new sophomores, who quickly caught on. Unified support was behind every school and individual endeavor. Teams glanced briefly at the enthusiastic crowd, and the crowd looked with respect and warmth upon the teams; the students noticed the friendly faces in the halls, the teachers looked at their class-

rooms filled with anxious faces—and each one knew that he had no choice but to do his best, for this is what is expected at Roosevelt.

Dim and colored lights, laughing and joking voices, dancing and lingering feet, all jammed into the girls' gym so that it could barely be recognized by its class-time occupants. The cafeteria echoed popular songs from a juke-box as students munched doughnuts and drank pop. Open-houses and hootenannies achieved their purpose of breaking students away from their study routines. Those brief moments of fun felt at open-houses are something never to be forgotten.

Tense faces look on at a crucial moment during the Roosevelt-East basketball game.

Game-weary students pack the girls' gym to listen to the Shilo Three at Roosevelt's first Hootenanny.

Disappointed Homecoming spectators slosh their way back to their car after salvaging balloons from the flooded football field.

## With a memorable Homecoming . . .

Students and alumni alike displayed traditional colorful spirit as they greeted the first big festivity of the year—Homecoming. Many captivating events led up to the big night and maintained a perpetual flow of excitement even following the dance.

Girls, clad in blue and white, proudly sported large white mums with navy-blue R's on them on the day of the long awaited game. The Homecoming Queen and her court were announced during a pep assembly, relieving the anticipation and suspense that had been felt for weeks.

Patsy Messer, Jeanne Altman, Becky Bjork, Queen Carol McCollum, Joanie Sandler, Ann Merkel, and Debbie Jones stand and smile after being introduced at the Homecoming game.

Balloons are ready to fly as soon as the Homecoming Queen and her court are introduced.

The splendor and excitement of Homecoming usually seem to end so soon, but this year the weatherman thoughtfully and unexpectedly offered two homecoming games. In the falling rain, drenched but hopeful Roosevelt followers awaited the kickoff. Even the foresighted fans equipped with umbrellas and rainwear were unable to escape the torrential downpour, but, with pride, most fans remained in their coveted seats until the announcement came that the game had been rescheduled.

The mounting enthusiasm made students all the more determined to have a victory. On a clear evening the following Saturday that goal was happily accomplished. Students then hurried home to change and depart for the dance, a dramatic ending to a memorable Homecoming, 1963.

Faces radiate excitement and tension in the locker room before the opening night of the annual Sharks Pageant.

## A trip around the world . . .

The lights were low, and everyone sat in hushed anticipation. Then the street lights flickered on, and all of a sudden the audience was transported to Paris after dark. The girls took off their berets, hung them on the lightposts, and jumped into the Seine to perform another beautiful and artistic swimming routine.

These were the Sharks, this was the Sharks Pageant, and through the theme "Travel Treasures" they visited India, Mexico, Hawaii, and many other exotic lands. With attractive costumes, colorful light techniques, and well-synchronized acts, the Shark Club's annual "piece de resistance" provided three entertaining evenings, and certainly no one regretted having gone. There was graceful beauty, sidesplitting slapstick humor, and that wonderful sense of going somewhere without actually leaving. The 1963 version of the Sharks Pageant was certainly as good as, if not better than, the Sharks Club tradition.

"Vive la France!" the Sharks seem to be saying as they embark on their Paris number.

## A joyful holiday . . .

Christmas binds hearts together, and during the yuletide season Roosevelt's close-knit family is thus brought together even more.

Keith Carlson and Oakley Ethington, members of the faculty, formed an unquestionable unity between all students as they sang solos, to resounding and sincere applause, at this year's Christmas assembly. The crowded auditorium was faintly lighted by the candles of the Concert Chorus, and the voices of the student body combined to create a warmth of security and good will.

School halls appeared reverent and friendly as they displayed the holiday's decorations and advertised messages of exciting activities. Parties, hay rides, Christmas cards, tobogganing, and dances added their own special type of merriment to the joyous season. Festive Christmas dances—"Heavenly Holiday", "Crimson Caprice", and "Silver Mist"—were presented privately by three groups of senior girls.

The season frolicked finally to an end, but memories will linger in hearts and minds for years to come. Gone are ice and snow and slippery sidewalks, heavy coats and warm scarves and stocking caps, chilly hands and red cheeks and nippy noses, hot chocolate and singing voices and welcomed fires—until next year.

"Ho! Ho! Ho! Look what I have here!" exclaims good old Santa Claus, who bears no resemblance whatsoever to Greg Narber.

Gerlinde Joppich, an exchange student from Goettingen, Germany, is at first puzzled, and then pleasantly surprised at Santa's generosity.

## Helping and leading . . .

Roosevelt has always shown a wide interest in all aspects of community life. As a part of the international community, not only do many Roosevelt students get to visit and study abroad, but they contribute to sponsor exchange students from other countries through both the American Field Service and Youth for Understanding programs. The sense of unity and brotherhood these students spread throughout the school, and Des Moines itself, is worth far more than many realize. Through the International Club and the language clubs, interested students learn much about the people and culture of foreign lands.

Roosevelt boys help the community through the Kiwanis Key Club by participating in many Kiwanis services and other worthwhile efforts, and people in Des Moines and all over the United States are informed of Roose-

velt activities through *The Roundup*, the school newspaper.

The athletic and scholastic achievements of Roosevelt High School, and its intense awareness of community responsibility, are recognized throughout the state. Each year Roosevelt takes part in the All-State Student Council by sending at least two representatives, and a Roosevelt student often holds an office in this organization.

In the All-City Student Council, the birthplace of future leaders of the community, young people learn how to work with others and solve common problems. Through council meetings, both state and city, Roosevelt keeps in touch with, and shows interest in, other schools. Thus, as a body, students work for the betterment of relations between themselves and the Des Moines community.

John Strief, Russ Allen, Kai Hildebrandt, Chuck Strief, and other members of the Roosevelt Kiwanis Key Club work on one of their many projects to help the community—in this case the Roosevelt community—by cleaning out the trophy cases.

Gregg Narber, Roosevelt's American Field Service exchange student to Brazil, departs for Rio de Janeiro.

Curious and stunned faces regard their dates after hearing the verdict of the "love meter" at the Spinsters' Spree.

"It says my best friend is getting married and wants me to be the maid of honor!" gasps Ann Henneberry at the telegram stand.

## And leap year . . .

Since this was leap year, the annual Spinsters' Spree was held appropriately to welcome St. Valentine's Day. Roosevelt girls were given the opportunity to express their understanding and appreciation for the boys' dominant, yet difficult, role. Each boy received a heart from his date that she had made for him. The boys were also treated to such courtesies as chauffeuring, parties, and dinners.

Couples grinned shyly as their pictures were snapped inside a huge ruffled heart; personalities and fates were revealed secretly behind the curtain of the fortune telling booth; dates were astonished by the verdict of the love meter; mature young men became juveniles under the influence of whistles and wind blowers that they had caught on fishing poles. Then, at ten o'clock, the music and dancing ceased. All gathered around the royal throne, and eyes searched inquisitively for a glimpse as Girls' Club President Debbie Jones crowned Jeff Newland Man of the Year.

It looks as though Man of the Year Jeff Newland could use some help as those clutching hands of Roosevelt's female population draw near, but does he look like a man who wants help?

Van Woods quietly and anxiously awaits the outcome of a free throw, but John Jacobs is not quite so passive.

In contrast, sophomore Mike Faino is brushing up for a test next period . . .

## But the year ends.

The school year has ended. It has been a year of happiness, and one of sorrow; a year of gaiety, a year of melancholy. It has been a year to share hopes, thoughts, and aspirations with one another; a year to achieve and to see achievement. It has been a year to offer, and a year to take; a year to teach and a year to learn.

The year has ended. And, as it ends, some will be leaving — some staying. Some will remember the excitement, some the sadness. Some will remember the friendship and loyalties, some the love shared. Some will remember the games and parties, brief moments of cherished conversation, or studies and classrooms. Some will remember the inspiration, some will remember disappointments. Some will remember all, some may forget.

The year has ended. And as Roosevelt closes its doors, all eyes take a last look at the familiar red-brick walls. They see nothing that needs fixing—all is firm and protective. They see not the hardships, only that their foundation has been made as strong as those walls. They see not their work, but their strength and readiness.

The year has ended. With a farewell—but not a good-bye—the year has ended.

Senior cheerleader Betty Anton takes a break from cheering to peer anxiously at the Riders' progress on the playing court. That screaming girl with the messed-up hair certainly couldn't be ladylike Vicki Jennings!

. . . while Larry Shockey intently considers a passage he has read.

# *Academics . . .*

Many are the birds on a spring day in flight, and sweet  
Are the flow'rs in the dawning, but little do men know or  
Little they care if they don't have the knowledge to  
Make them aware of beauty and song in the land and the  
Air. Through teaching man learns to enjoy and to share.

Money does not make a millionaire rich, while a pauper  
May be a king. Not earthly goods measure the wealth of  
A man, but wisdom and knowledge and learning can—and  
They have since the time air was breathed and life first  
Began. Through teaching, the future man's able to span.

Wherever mankind is oppressed, and no matter where he is  
Downtrodden, he is robbed of free knowledge and stuffed  
Full of lies. It's through learning we see, and through  
Learning we find what's not good is bad, and all else is  
Blind. Through teaching man lives and suffers in kind.

Delmer H. Battrick  
Principal

Under the guidance of its principal, Delmer H. Battrick, Roosevelt continues to gain in prestige as one of America's outstanding high schools. Mr. Battrick has the responsibility of coordinating all of the many activities that have contributed to Roosevelt's success in many fields. This is Mr. Battrick's tenth year at Roosevelt, where he has worked unceasingly to raise the standard in the academic, social, cultural, and athletic activities which produce the well-rounded student.

Roosevelt students and faculty members are especially proud of the special recognition given to D. H. Battrick by Croft Educational Services of New London, Connecticut. Mr. Battrick was one of five principals in the nation to reach the finals in the competition for "Secondary Principal of the Year," and was one of three to win a special citation. Delmer H. Battrick is most deserving of this honor, and Roosevelt is certainly fortunate to have such a competent director.

Bruce D. Gardner

## Vice-Principal

This year Bruce D. Gardner completes his third year of service at Roosevelt. He has worked diligently in supporting all Roosevelt athletic events and is always right there urging the teams on. Mr. Gardner helps carry out the policies of the school as second in command. Boys Club sponsorship, college test administration, much of the Pancake Breakfast organization, and the counseling service are all part of his duties. Much of his time is also spent in helping boys solve their personal and disciplinary problems.

## Girls' Adviser

In her first year at Roosevelt, Mrs. Velma Cross has established a reputation for friendliness, fairness and interest in all Roosevelt activities. Mrs. Cross is kept very busy as adviser for Roosevelt's girls. In this position, she is sponsor of Girls Club, and directs senior class activities. It is also the responsibility of Mrs. Cross to coordinate the visits of college representatives, and furnish scholarship information. Mrs. Cross has gained many friends among faculty and students at Roosevelt.

Mrs. Velma Cross

Dr. John H. Harris

## Superintendent of Schools

Under the careful supervision of Dr. John H. Harris, the Des Moines School System is growing at a tremendous rate. Included within the Des Moines district are over forty thousand students, whose learning experiences are adjusted and administered by the many officials associated with the superintendent's office. There are now over two thousand administrators, teachers, and service personnel under the direction of Dr. Harris. In total numbers of persons involved, buildings, and expenditures, the school system is Des Moines' most important business. In terms of the final product, its value can be measured only by the contributions made by the graduates to their community.

## Driver Education

Gerald Foster  
Driver Education

Driving has become a great part of the American way of life. Roosevelt's driver education course is made available to students for the purpose of improving driving through careful instruction. Films, textbook readings, and individual driving instruction are used to teach students the correct driving procedures and show them the consequences which occur when these procedures are ignored.

## Social Science

David Gonnerman  
American History

Demonstrating the importance of social science in today's education, every student is required to take three years of social science while attending high school. World history is the requirement for sophomores, American history for juniors, and American problems and economics are required for seniors. The purpose of these courses is to bring the student to a better understanding of existing international, national, and local problems. This is achieved by a thorough study of history in the sophomore and junior years, and then a study of present day situations, as they are affected by history, in the senior year. Greater use of supplementary material introduces the student to a variety of thought and interpretation by well-known authorities in the field of history, outside that of the textbook.

## Languages

Although the study of a foreign language is not a requirement for graduation, many students often study a language at least two years due to interest in the particular language, or in order to meet college requirements. The four languages available to Roosevelt students are German, French, Latin, and Spanish. The language students are fortunate to have the use of a language laboratory which they use one period each week to improve their pronunciation.

## Science

Roosevelt's science department has been greatly improved with the addition of two new physics and two new chemistry rooms within the past two years, and students are fortunate to have the opportunity to work in the modern, well-equipped laboratories. Although only one year of science is required for graduation, the three lab sciences—biology, physics, and chemistry—are made available to all students. As a result of much effort on the part of the student, with aid from the science teacher, many entered the Hawkeye Science Fair and earned recognition for themselves, and for Roosevelt.

In the spring William Houser received the "Iowa Teacher of the Year" award. Roosevelt is proud to have him as a member of its outstanding faculty.

Mr. Weidmaier was often seen with his handy pointer, which he used to drive home an idea. This photograph was taken only a month before his death.

On a rainy day in late August Mr. Weidmaier used the charger to coach his football linemen in preparation for the first game with Valley.

# In Memorium

Vernon C. Weidmaier

A high point of the 1963-64 school year, a time when all Roosevelt stood together in a unanimous feeling of pride, came when the Roosevelt football line stopped the powerful, number-two-ranked East High team within one foot of their goal line. This stonewall defense gave Roosevelt its highest sense of accomplishment, erasing previous defeats and dwarfing other victories.

The man who coached this line, Vernon C. Weidmaier, died March 24 of a cerebral hemorrhage, which had struck him as he taught a class in plane geometry.

Mr. Weidmaier received his bachelor's degree in mathematics from Northwest Missouri State College and his master's degree from Drake University. He became a Roosevelt teacher and coach in 1957, after having held similar positions at Nevada, Stuart, and Fort Dodge, Iowa.

Surviving Mr. Weidmaier are his wife, Martha; his son, Bill, a Roosevelt senior; and five daughters, Paula, Mary, JoAnn, Barbara, and Jackie.

Vern Weidmaier was a demanding coach, and an even more demanding teacher. A high grade from him was considered a high accomplishment. Mr. Weidmaier's classes were seldom dull. His students will remember his many anecdotes, his bits of philosophy, and his way of relating problems in logic to the problems of coaching a football team. Students will also recall with a smile the oblong "circles" and ill-formed rectangles which he drew on the blackboard and explained away by saying, "Well, in geometry you can't prove anything by observation."

In addition to being a teacher and coach, Mr. Weidmaier was also an inventor. He held several patents on his football charger, baseball bat caddy, basketball caddy, and his special hanger for football uniforms. He also made the isometric bars which are used by many Roosevelt athletes in training for different sports.

Vernon Weidmaier believed in the importance of logic and hard work, and his students and associates were impressed as well as inspired by his devotion to these concepts. His influence will remain as long as those who knew him remember the lessons he taught and the examples he set.

# Seniors . . .

Time has a weary walk, and the past is easily seen  
With helpful memories—early years in peaceful reverie,  
The remembrance of a friend, a place recalled with smiles.  
Dreams were easily dreamed, some broken—some fulfilled,  
With little thought of what had been or what would come.

But the clock closes toward twelve, and the subtle hint  
Of a new day wafts lightly on perhaps a fresher breeze.  
And so Activity begins to stir, Effort starts to rise,  
For many are the chores to be done before the dawning  
That have been put off too long for too many reasons.

Each tomorrow is unknown, but every day is a new life  
Forged on the anvil of yesterday. The hammer of Time  
And the bellows of Work mold a product yet to be finished.  
So each outcome is a gamble, and each life is yet undone,  
With the wager in the Forger's hands to see it lost or won.

The June graduating class was the first class of over 600 seniors to graduate from Roosevelt. From among its ranks sprang many capable leaders who helped steer Roosevelt through another successful year. This was not an easy task, for it was a year during which Roosevelt's public image was badly marred. But the seniors rose to the occasion, and they worked together to bring Roosevelt's reputation back to the level where they knew it belonged. Academically, the class ranked high, with six merit scholarship finalists and one winner. Athletically, the class was well represented on the teams of all sports. They also had industrious workers on the *Roundup* staff, the yearbook staff, play casts and crews, and in all the clubs and committees. They were a hard-working and loyal class; a class not soon to be forgotten at Roosevelt.

## Those fun-loving seniors . . .

Judy Maher and Sally Larson strummed and sang as "Beulah and Mable" in the Senior Frolics.

Maybe the traditional skit for the East game pep assembly had something to do with the glorious victory over East High in football.

Happiness is a popsicle. Right, Leigh Ann Holm?

The school days of 1963 and 1964 will soon be referred to as "the good old days" by most seniors. They will then proceed to reminisce about how they couldn't find their school clothes after a Frolics rehearsal and how they had to walk home in a "flapper" costume, or something equally ridiculous. But certainly, they were days full of fun; days worth remembering.

The mortar boards of Dick Kirsner and Ron Zamarin won't fit if John Viviano can possibly help it.

## Those busy seniors . . .

Election of senior class officers was one of the many important matters taken care of in Frank Angerer's senior homeroom.

The senior year is always busy. Seniors are relied upon to fill the responsible positions in clubs, councils, and committees of the school. Toward the end of their last year, when seemingly endless senior activities begin and responsibilities become greater, some seniors wonder if they can ever survive it all. Yet all these duties and obligations further equip seniors to meet similar occasions after they have graduated.

Adding the finishing touches to the tree during the festive Christmas season were Cindy Brewer, Sybille Bluethner, and Andi Bookey.

A successful yearbook is the result of many hours of work by its editors, such as senior editors Anne Hunter and Laura Lemon.

Taking note of a suggestion by senior board member Ron Zamarin is council secretary Barb Collins.

# Underclassmen . . .

The wind is master of the cloud—to create, to construct,  
To give of its soul to mold a nebulous nothingness into  
A vivid white sculpture etched in eternal firmament,  
Or a belligerent ball of gray violence raining despair  
And misery . . . and the young cloud goes as the wind blows.

Environs are masters of the man, shaping youth as the  
Passing breeze sculpts the cloud. With joy and pain,  
By lightness and shadow, through conquest and defeat  
Is pointed life's unchanging path, whether roughhewn  
Or untrammelled . . . and the child grows as the world shows.

Education is master of the mind, and still these Halls  
Of Learning endow not only bare knowledge, but youth's  
Chance for development, experiment, for perhaps a brief  
Sample of many prospective paths before the ultimate  
Commitment . . . for as a man sows, his other paths enclose.

Mr. Kirkpatrick's fourth hour physics class explores the fascinating realm of electrical charges. Though a second year of high school science is not required, many sophomores go on to study physics in their junior year.

# *Student Life . . .*

Not long does a student's sight linger close to a page,  
Nor completely does a classroom keep his efforts enclosed.  
As a dull boy is fashioned by all work and little play,  
A dull person is molded through all study and meager  
Development, for one has to learn to work with others.

Education is essential in this bright era of knowledge.  
Learning is requisite in this time of fear and hate.  
But the application of this knowledge, the utilization  
Of this cognizance, is through leadership, association,  
And activity, for one must be able to learn with others.

Although study is a good builder of self-discipline,  
And although individual endeavor forms self-reliance,  
Group participation offers new friends and acquaintances,  
And mutual enterprise promotes the understanding of our  
Fellow man, for one is destined to live with others.

"Hurry! Wallace-Homestead's coming at three o'clock and we haven't got Student Life done yet!" Typewriters seem to buzz, staples fly, people run here and there, waving papers and shouting directions—all to meet the on-rushing goal of the deadline. As soon as one crisis is over, another pops up. But soon it's finally over and everything is in. The empty room with its scattered papers echoes with the excitement that was. Six months of hard work and sacrifice are at an end, but the results live on in this book.

## Fall Student Council

FRONT ROW: Mary Morton, Marge Dalbey, Laurel Lund, Robin Luthey. BACK ROW: Darl Hatfield, Bill Newland, Steve Hamilton, Bill Miller, Dick Kirsner.

### Council Officers

Improving relations between the high schools in Des Moines was a chief goal of the fall student council. Under the leadership of President Craig McCloud, the council tried to find an acceptable solution to the problem of friction after high school football games and undertook a campaign encouraging students to submit suggestions for council action. Under this council every student who signed up was placed on a student council committee.

### Student Court

Cleaning up the cafeteria for one week was a typical sentence given to a student offender at the weekly court session. The court is composed of two representatives from each grade level appointed by the Chief Justice, who is elected each semester by the student body. With Steve Hamilton as Chief Justice, the court provided for stricter enforcement of cafeteria rules. The court handed down fair sentences which acted as a deterrent to future offenders.

FRONT ROW: Jeanne Altman, Joanie Sandler, Jerrell Gates. BACK ROW: Joe Fuller, Debbie Jones, John Shurtleff, Bob Opiyo, Brian Walker.

### Council Officers

Roosevelt's Spring Student Council, headed by President Jim Greenebaum, followed the tradition of councils in the past, acting as a sounding board for the many problems confronting the school. As others before, this council did something about the existing problems, which is what makes Roosevelt's council system effective. A Special Days Committee was organized to decorate showcases in the hall, the constitution was further revised, and a new handbook printed.

### Student Court

Smoothing out some of the problems which resulted from last year's adoption of parking permits was one of the Spring Student Court's main responsibilities. This year, for the first time, sergeants-at-arms were used to bring students to court from class. John Shurtleff, chief justice, was also concerned with the problem of impartiality toward all students. In his campaign speech, John expressed concern over the special treatment sometimes given.

## Fall Roundup Staff

Coming to school a week early, part of the *Fall Roundup* staff was able to put out an issue of the paper the day after school opened. Headed by Editor Rich Somerville, the staff put out eight newspapers during the semester and received a first class (excellent) rating from the National Scholastic Press Association Critical Service. Other high positions on the staff were held by Marcia Hudson, managing editor; Bob McCloskey, business manager; and Diana Smith, Laura Lemon, Cynde Jay, Frank Smith, and Virginia Tidrick, page editors.

The *Roundup* served as a record-book for the years to come, but even more important than its service as an interpreter, informer, and recorder is that it tried to guide the school's attitude. The *Roundup* also featured something new and different in the last issue. A summary of the year was published which, in picture and story, looked back on the outstanding happenings of the first half of the school year.

Above—

Discussing picture and story ideas for an upcoming issue of the paper are Donna Klein, Sue Engman, Linda Clayman, and Sue Murray, while Diana Swanson has her back to the camera. Journalism teacher Donald Haley works with staff members in the background.

At left—

Jerilyn Taylor, advertising manager, busily lays out ads on a page. Advertising sales must be made about a week and a half ahead of the rest of the newspaper.

BACK ROW: Carolyn Shapiro, Kacie Conner, Celia Tatz, Kjella Reseland, Barb Dutcher, Melinda Brandenburg, Janet Kyl, Steve Spence, Ted Suarez.

Due to the large number of students taking journalism this year, the Spring *Roundup* staffs, as in other years, were divided into two classes. The first staff was the third hour class which, with John L. Jacobs as editor, published four issues of the *Roundup*. Suzanne Taggart was managing editor and Suzie Bussman was the business manager. The last four newspapers of the semester were put out by the fourth hour journalism class. Sandi Foland was editor, Tom Shirk was managing editor, and Alan Weiss was business manager. The *Roundup* is a member of the Iowa High School Press Association, the National Scholastic Press Association, and is a distributor of *Roto*, a national high school magazine.

Many members gained a greater understanding of the culture of Spanish-speaking countries by working in various booths during Foreign Student Week. The Fall president was Lynn Johnson and the Spring president was Andi Anderson.

Keeping alive the French spirit, French Club members enjoyed interesting meetings this year, sponsored by Grant Moore. Highlighting the year was a picnic, featuring French foods. Fall officers were Jeff Watters, president; Sue Murray, vice-president; Ginger Starke, secretary; and Ruth Mackaman, treasurer. Leading the spring activities were President Shelley Dawson; Vice-President Carol Newsom; Secretary Gwenn Greenhill, and Treasurer Pam McGinnis.

Activities this year were led by Judy Bloodsworth, president; Joan Hays, first vice-president; Jean Hays, second vice-president; Mary Snook, secretary; and Janice Atherton, treasurer.

With Mike Schatz as president and William Houser as sponsor, the Future Physicians Club had a very rewarding year. The club, with a total membership of forty, worked on the preparation of a constitution and also made an extensive first-aid study. Club members also worked at Iowa Methodist Hospital. After being written about in a national magazine, the club received letters from all over country.

A. Walker, and Clyde Anderson. Major activities for the year were the Christmas banquet and the all-city picnic, which all members attended.

Every other Wednesday, as many as one hundred twenty-five students attended International Club to hear various speakers tell of their experiences. Small group discussions were formed to further acquaint the members with the foreign students. In order to select the most efficient and enthusiastic girls to lead cheers, a spring clinic was held after school, involving hours of instruction and strenuous practice. At the end of clinic came a series of eliminations, where graduating cheerleaders and a group of faculty advisers selected the new squad on a point basis.

## Majorettes

The pert majorettes performed with the marching band in half-time activities during football season. Headed by Jane Warren, the majorettes also participated in spring parades, demonstrating intricate baton routines. The majorettes practiced before and after school with the band and the Riderettes to perfect their presentation.

Even rain couldn't dampen the Fall Homecoming—the climax of an exciting football season. The crowning of Carol McCollum as Homecoming Queen highlighted the festivities. An attendant from each grade level made up the Queen's royal court.

Girls treated the boys to a gala evening at "Cupid's Carnival"—this year's Spinster's Spree theme. Besides the dance, many game booths were set up on the balcony. Senior Jeff Newland was selected as Man of the Year to reign for the evening.

Chief duties of the auditorium ushers were taking tickets and passing out programs at Roosevelt plays, concerts, and other auditorium events. Also, when a larger production such as "The Crucible" or "Arsenic and Old Lace" is presented, their responsibilities are greater. These boys added to the effectiveness of Roosevelt productions.

## National Thespian Troupe

With their membership increased to forty, Thespian Troupe 2317 of Roosevelt took part in many activities this year. In addition to working on the plays, "The Crucible" and "Arsenic and Old Lace," they helped sponsor a night of one-act plays, which was held as an AFS benefit. Parties were held at Christmas and on Shakespeare's birthday. Plans were made for the troupe to see a play as a group. Officers were Sue Johnson, president; Steve Spence, vice-president; Sue Williams, secretary; Jeri Weber, treasurer; and Rosalie Anderson, scribe.

"The Crucible," Roosevelt's fall play, was a drama about witchcraft in old Salem. Written by Arthur Miller, "The Crucible" is a tale of how an entire town is aroused, and nineteen men and women are killed, for having sold themselves to the devil. The play revolves around a young farmer, John Proctor, his wife, Elizabeth Proctor, and a young servant girl, Abigail Williams. Abigail deliberately accuses the wife of witchcraft. When Elizabeth Proctor is brought to trial, her husband brings the girl to court to admit she was lying. In the climax John Proctor, intent upon saving his wife, is accused, imprisoned, and condemned.

In the Salem courtroom, judges and countryfolk look on in horror as the girls pretend to see spirits.

## "Arsenic and Old Lace"

A killer with the face of Boris Karloff, a man who thought he was Teddy Roosevelt, and two "sweet" old ladies who poisoned men were some of the major characters in the spring play, "Arsenic and Old Lace," presented May 14 and 15. The two old ladies, Miss Abby Brewster and Miss Martha Brewster, poison various men because they feel the men are lonely. Jonathan, their killer nephew, returns home after an absence of several years, and immediately confuses things. Matters are further complicated when Mortimer, their sane nephew, finds out what his aunts are doing.

Experimentation with hairstyles was just one of the areas explored this year. Through this popular club, many girls find satisfaction in learning about modern and efficient living.

Tours of Bankers' Life Insurance Company and Look Magazine offices have highlighted the Secretarial Club's activities this year. The club, which has forty members, held a Christmas party and a party for graduating seniors. Sponsored by Miss Connie Feist, the club was led by President Sue Cedarstrom and Vice-President Joanne Boyd.

To the members of the Saturday science classes, Saturday morning means an opportunity to increase their knowledge of the world around them. These students spend their time acquiring extra information which pertains to the particular science they are studying. Saturday morning classes give the interested student a chance to add depth to his regular classroom study.

Co-chairmen for the first semester were Rod Faino and Dave Bishop. Second semester chairmen were Mike Schatz and Ron Zamarin.

Setting up the plant room, being of assistance during lab periods, grading papers, maintaining the biology workroom and generally helping the science teachers were the main functions of the science lab assistants. One opportunity enjoyed by the assistants is the privilege of seeing new materials as they first arrive, and the privilege of using them before they are used by the other students.

Answering the phone, taking messages, filing, typing, and helping to smooth the transition from student to student in each office are the duties of the girls who work in the counselors' office. Heading the club this year was Kraig Boysen, president.

Nineteen aspiring authors and poets made up the Scribblers Club, headed by President Avi Soifer. Participants wrote and submitted at least one original poem, short story, or essay per semester for a critical analysis by the club. Author Henry Gregor Felson addressed the group in the fall. ## Foreign Exchange Students

"The Kiwi bird is a wingless bird that is found only in New Zealand," explains Rosalie Ransom. Listening intently are foreign exchange students Kai Hildebrandt, Gerlinde Joppich, and Sybille Bluethner from Germany, and Akiko Saito from Japan.

This year, as in the past, Roosevelt has been fortunate to have a number of foreign students in its enrollment. These students, who come from various countries, contribute much to the school. Their eagerness to learn about America and their willingness to tell about their native countries aid in mutual international understanding. Akiko Saito, Sybille Bluethner, Gerlinde Joppich, Kai Hildebrandt, and Hellmut Schuster were Roosevelt's foreign students this year. Although the foreign students only attend Roosevelt for one year, they are warmly remembered after they have returned home. Roosevelt students have also participated in foreign student programs. Rosalie Ransom spent a portion of her junior year in New Zealand, and Gregg Narber is living in Brazil during his senior year. In addition, Russ Allen spent a summer in Belgium.

Playing and singing to a receptive audience, Steve Meglitsch, Parker Davis, and Mark Ross launch into an old ballad at the International Foreign Students Committee hootenanny.

Performers have fun at hootenannies, too. Here Sam Cook and Robin Thomas join "Miss" Bob Peterson and "Miss" Parker Davis in a rousing song.

## Intra-City Student Council Representatives

In September, six delegates from each of the Des Moines high schools met at Tech High for the first meeting of the 1963-64 Intra-Des Moines Student Council. The purpose of this first meeting was to elect officers and to become acquainted with activities for the coming year.

Since this first meeting, the council has concentrated its efforts on three main projects. Under the leadership of the council's officers—John Strief, president; Paul Deer, vice-president; and Carolyn Greco, secretary; and with the guidance of sponsor Donald Blackman, the council met with success on all three projects. The projects were: (1) school relations, (2) Student Council Jamboree, and (3) student summer employment.

Because the main objective of the Intra-Des Moines Student Council is to improve relations between high schools of the city, the problem of after-game fighting was of the greatest importance. The council met with high school principals, student councils, P.T.A.'s, along with Dr. John H. Harris and the school board, in trying to find a solution.

For the second year the council took on the project of finding summer jobs for high school students. With the help of Mr. Blank of the Iowa Employment Service, the council's Summer Employment Committee combed the city

finding every business that could possibly hire students. Each of these businessmen had to be contacted personally. To complete such a large scale operation, the council asked each high school to form an Employment Committee. Each committee took care of contacting the businesses in its area.

The final project of this year's council was also a carry-over from last year. The Student Council Jamboree was held April 4 at Roosevelt. The Jamboree was organized last year as a means of improving school relations and getting more students acquainted with members of other Des Moines schools. Each high school sent twenty delegates, and these delegates were then divided into nine mock student councils. Each council had a chairman and a secretary from the Intra-Des Moines Council. The mock councils were given problems to solve within a given time. Their solutions were judged and prizes were awarded. All of the problems were patterned after the theme of the Jamboree, "School Relations."

The Intra-Des Moines Student Council was a success this year due to hard work and loyal support. The organization can remain a success if Des Moines students will continue to try to obtain a common understanding by the quest of a common goal.

Learning opens the mind, clearing the way of myth and Superstition. Knowledge feeds the imagination, giving More and more, but never enough. Imagination guides The man through life, showing which way to follow and How far. But it's competition that makes the man.

It is birth that opens the soul, and from that time to Eternity is the heart of man besieged with all the Sorrows, joys, loves, and hates that have been both the Downfall and the success of Mankind since the beginning Of forever. But it's competition that makes the man.

And it's emulation that frees self-expression from the Adolescent shell of dependence. It's rivalry that brings Courage up from the dungeon of fear. It is friendly Opposition which teaches that life, not death, is the True reward. It is competition that makes the man.

Roosevelt's football squad, although sporting a rather young roster, pulled out of an early-season slump to attain a very satisfactory record. After a 34-0 shutout of Valley, the low-rated team dropped three straight games to Tech, Lincoln, and Newton. At the sight of a 1-3 record many thought the Riders were through, as a power, for the rest of the season. However, the Roughriders proved their comeback ability by beating their last four opponents by a total score of 82-19. Two of the last four victories were over North, 15-6, and Dowling, 33-7. The high point of the season came when East, ranked second in the state, was defeated 13-6. Roosevelt's shutout of Ames, 21-0, rounded out a very successful season.

Featuring a well-balanced running attack, Roosevelt's cross country squad again finished the season with another good record, both individually and as a team. The harriers finished second in the city meet behind a powerful Tech squad and earned a fourth place in the state meet. For the third year in a row, the Riders captured the number three spot in the Augustine Invitational, finishing two points ahead of the host team, East.

Outstanding single performances were turned in by sophomore Gordon Hoffert, with a fourth place finish in the state meet, and junior Jim Burn, whose second place finish in the city meet combined with the high-placed running of seniors John Shurtleff, Dick Lockridge, Harold Smith, Mike Bailey, and junior Brian Walker.

Although there are a number of seniors leaving the team, there are enough talented underclassmen that Coach Arden McClain, who has been coaching Roosevelt track and cross country teams since 1955, can expect another successful schedule next year.

After a slow start, Roosevelt's varsity basketball team caught fire and ended the season with an excellent record. They held a 73 point-per-game average on their way to the twelfth city series championship in sixteen years. The junior-dominated squad climaxed the regular season by downing the last three opponents by a combined score of 202-179.

Moving on to district and sub-state play, All-City selection Tom Kreamer was aided by Dave Chapman, Tom Schulze, Ron Shirk, and Bob Peterson in the drubbing of sectional rivals, climaxed by the third victory of the year over East, 71-48. Only a stubborn Ames team was able to halt the Riders' drive.

This year's sophomore basketball team has again had the kind of season that is often, though selfishly, expected at Roosevelt. With an overall record of 13-3, and a city record of 6-1, the cagers were able to tie for first place in the city series. The Riders' scoring power was aptly demonstrated by the fact that they scored 70 points or more in five games. The average score of all the games came to an impressive 68 to 45 triumph in favor of Roosevelt. Of all the games, the two most decisive were over Lincoln, 84-35, and over Grinnell, 85-25. Of the defeats, none by a substantial margin, the amount by which the Riders lost added up to only eleven points.

FRONT ROW: Jeff Caspe, Larry Cobb, Larry Mogolov, Bill Warner, Steve Fuss, Mike Freeland, Bob Henry. BACK ROW: Dick Lamb, assistant, Manager Gary Severson, Dennis O'Rourke, Steve Clay, Don Sears, Larry Ely, Roger Lovejoy, Steve Brogden, Morrie Norman, Coach Ron Adcock.

This year Roosevelt's grapplers finished with a successful 5-4 season record. The Riders, who were not rated as a power at the start of the season, suffered many setbacks during the regular season when several first string positions were vacated by injured seniors. Among those teams beaten by Roosevelt were Lincoln, East, Tech and North. The only team the Riders failed to defeat at least once this season was the strong team from Perry. In the Chariton Invitational a first place was captured by Mike Steele, while Bernie Fogel took second, and Corky Crandell and Ross Brown placed third.

FRONT ROW: Corky Crandell, Lance Bergstresser, Mike Steele, Alan Schakel, Gary McDevitt, John Burns, Bill Hoffman, Don Gillette, Ross Brown, Roger Vanden Branden, Gregg Jones, Bernie Fogel. SECOND ROW: Jim Knik, Denny Schwartz, Ken Register, Steve Heilman, Larry Lancelotti, John Halsted, Steve Wingert, Alan Edmison, Craig Meyer, Dave Evans, Don Gillespie, Craig Miller, Darwin Horrigan. THIRD ROW: Mike Wall, Don Dunagan, Bruce Bergman, George Thompson, Jim Reed, Steve Golden, Mark Willis, Bud Bowles, Mike White, Bill Price, Tom Denny, Roger Osterholtz. BACK ROW: Robin Thomas, Dick Grangaard, Paul Whitlach, Coach Charles Maguire, Jim Newsom, Jerry Wilson, Mike Pickett, Ed Kelly, Bill Thomas, Jim Lamb, Steve Brownfield, Bill Newland, Blake Kelly, Mike Thornhill, Jim Van Cleve, Vic Schafer, Jeff Lilly, Jim Huff, Larry Veenstra, Terry Smith, Steve Lyons, Harlan Feintech, Coach John Shaffer.

Alan Schakel warily eyes rival as he maps out his plan of attack.

"Oomph!" grunts John Burns as his break down is broken up by a charging East grappler.

Again gaining the upper hand, John starts to roll his opponent on his back for the upcoming pin.

Sporting a number of returning lettermen, the Tankers entered the season with high hopes. Defeating every team except Cedar Rapids Jefferson, which later went on to win the state championship, Roosevelt again took first in the city meet. The Riders went on to capture the district meet and, as a final touch to a fine season, placed third in a hotly contested state meet.

FRONT ROW: Chuck Strief, Kris Sharpe, Bob Synhorst, Phil Schroeder, Eric Hempelman, Dave Richardson, Mike Harr, Jim Petersen, Chris Mefferd, Joe Fuller, John Synhorst. Seeming to point to the exact spot where he will land, junior Terry Bowes executes a difficult dive at the Inter-Squad Meet.

Caught in the act of catching that critical breath, senior Steve Ackley resumes his race against time.

Lunging for the pool are Roosevelt's Tankers in the annual Inter-Squad Meet, which the white team won.

The life guards have the additional task of watching out for the safety of students while in the pool. All leaders and life guards are chosen by gym teachers and the swimming coach on the basis of athletic ability and leadership qualities.

# Varsity Track

Head Coach  
Alden McClain

Following up last year's squad, which set a state mile relay record, could have been difficult, but the 1964 Roosevelt track team surpassed all previous expectations. Skimming North by a half of a point, the cindermen captured third place in the state indoor track meet. Senior Jack Baker was first in the high jump, while Junior Terry Bowes came close to the state record in winning the pole vault. Other outstanding track men this year were John Shurtleff, Dick Lockridge, Dick Lamb, and Mike Bailey.

Assistant Coach  
Charles Greenwood

Seeming to leap over the baseball team, junior hurdler Jim Baugus goes through his paces.

State and city champion pole-vaulter Terry Bowes clears the bar with room to spare during a practice session.

Junior Darwin Horrigan seems to be assured of a good mark as he winds up to throw the discus.

Almost appearing to balance on the bar is state and city champion high-jumper Jack Baker.

## Varsity Golf

Head Coach  
Clark Munger

The outstanding record of Roosevelt's linksmen is being continued by this year's squad. The team again made a fine showing in the state golf meet. Under the direction of Head Coach Clark Munger, the team was comprised of mostly underclassmen, with the support of a number of seniors.

FRONT ROW: Stan Bonta, Roger Lovejoy, Harry Bookey, John Page, Dave Hoak, Mickey Scannell. MIDDLE ROW: Bill Warner, Bob Deuben, Don Cooper, Mark Kiddie, Stan McCormack. BACK ROW: Kent Opheim, Larry Kirschner, Bill Newland, Jack Hudson.

FRONT ROW: Paula Lambrecht, Cynde Johnson, Jan Lutjen, Melinda Kaser. BACK ROW: Barb Lambrecht, Debby Heirsteiner, Jan Hilton, Mary Allender, Wendy Engman, Linda Cosgrove.

This year's Roosevelt golf squad dominated the competition as the teams of past years have done. The girls, coached by Golf Coach Clark Munger, did very well in the state golf meet. Returning lettermen are senior Paula Lambrecht, and juniors Melinda Kaser, Jan Lutjen, and Cynde Johnson.

## Varsity Tennis

FRONT ROW: Judy Newlin, Carol McCollum, Sandi Stanek, Anne Hunter. BACK ROW: Linda Irving, Marcia Hudson, Sheila Pearl, Debbie Jones.

Girls Coach  
Rhea Bagdonas

Boys Coach  
Izac Emrich

This year's girls tennis team played in its usual fine style. Under Head Coach Rhea Bagdonas, the Riders' net team managed to win the Fall City Tournament. Outstanding members of the squad were junior Sheila Pearl, state high school girls' champion, and senior Debbie Jones and junior Marcia Hudson both rated high in state tennis circles.

Another fine boys tennis team was fielded by Roosevelt this year. In the Fall Tourney, held at Birdland Courts, the netmen played up to their usual output and captured the city title. Under Coach Izac Emrich, Roosevelt tennis teams have not been defeated in a city tournament since six years ago in 1959.

FRONT ROW: Bill Cobb, Terry Gates, Brian Brindley. BACK ROW: Barney Greenhill, Jim Greenebaum, Rick Schultz, Tim Kent.

## Varsity Baseball

Head Coach  
Al Comito

This year's baseball squad has shown its fine skill in spite of the fierce competition from Dowling and the City Series teams. Head Coach Al Comito lost a number of fine players by graduations, but still was able to put up a better than average team. This year's team owed much of its success to the fine pitching which has characterized many Roosevelt teams of past years.

Sophomore Coach  
Ron Adcock

Successfully stealing second base during the Waukee game is senior Dick Isaacson.

FRONT ROW: Rod Faino, Dick Schneider, Larry Shockey, Bart Christianson, Dick Isaacson, Don Patty, Chris Frosheiser, Bob Peterson, Robin Thomas, Rich Saffris, Manager Steve Pyle. Drake students are not all alike. Some come from big cities, others from small towns. Some are from the East Coast, others from California. Some are from as near as Des Moines, others from as far away as Hong Kong. Some are rich, others of relatively modest means. Some want to become teachers, others lawyers, still others businessmen. Some are Republicans, others are Democrats. Drake students differ in many respects, but they share a common bond: the desire for an education. They are preparing themselves for careers while gaining insight into the problems confronting today's world. We would be pleased to answer your questions about our study programs.

## **Where does education end?**

Everybody knows  
where education  
begins.

It begins  
with that first  
hungry search  
for nourishment,  
and it goes on  
through that first word  
and that first step  
and that first painful  
punch in the nose.

It grows taller  
as it grows familiar  
with letters  
and numbers  
and names of things  
and names of places,  
and answers increasingly  
more who's  
and what's  
and where's  
and why's  
and how's.

Everybody knows  
where education begins,  
but nobody knows  
where education ends —  
especially yours,  
except you.

And where your  
education ends  
depends mostly on you  
and how well you  
want to be able to answer  
questions like these —  
plus one more question, too,  
asked ever so frequently —  
"What can you do  
for me?"

# CONSIDER... A CAREER ...NOT A JOB

When looking ahead to your business life, you want to think beyond just a job. Consider the kind of business career you want and judge the qualities of the company which is a part of that business. Life Insurance is a good business and the Equitable Life of Iowa is a good company — offering so many opportunities for the career man or woman.

Look into the Equitable, and you'll find all of the so-called fringe benefits offered by business generally, plus some that only Equitable has for you. Most importantly, there are so many phases of life insurance

work that your opportunities for advancement and permanency are limited only by your own ability. In the Personnel Office, 1105 Equitable Building, you'll find Miss Pat Bush — discuss with her all the opportunities that exist for you at the Equitable — you may choose your career right now.

## Front End Sheet Pictures

### Top Row

Homecoming Queen Carol McCollum receives a congratulatory kiss from Student Council President Craig McCloud during halftime ceremonies at the homecoming game.

Sometimes after a hard workout one simply must let off steam. Doing just that are cheerleaders Marlys Balanoff, Jean Kite, Ellen Sayre, Joan Sandler, Robin Luthey, Karen Brinton, and Betty Anton, while Mrs. Eula Cole looks on.

Cheerleaders direct the student body in the school song, "For Roosevelt," as the men of honor are saluted at a football assembly.

### Bottom Row

On a chilly night at a football game, a bucket of hot coals, intended for fire baton lighting, becomes a welcome luxury for band members and spectators.

What's this, a new four-man team? Cheerleaders Marlys Balanoff and Betty Anton introduce an original piece of artwork by Cindy Luthey at the second Roosevelt-East basketball game.

Richard Treman (center), spring student council sponsor, warily eyes the work of his three messy assistants, Secretary Barb Collins, Steve Forbes, and President Jim Greenebaum.
